School Board Meetings are the 2nd Wednesday of each month beginning at 7:00 P.M.

BEMENT CUSD 5 MISSION STATEMENT

Engage and educate to create respectful communities of learners and leaders who are successful in college, careers and life.

This handbook is only a summary of Board policies and the handbook may be changed during the year without notice. This handbook cannot possibly cover all potential scenarios and remain an efficient and effective notification instrument. The Board of Education does not intend to limit administrators' authority to address matters that may not be specifically identified in the handbook.

ABSENCES

1. When a student is absent, the parent or guardian should call the middle school office by **9:00 A.M.** to report the reason for the absence. If the school district does not receive a call by 9:00 a.m., the school district shall notify the parent, legal guardian or the custodian of the child that he/she is absent.
2. When a call is impractical, a note explaining the absence must be brought by the student when he/she returns.
3. The result of failure to notify the school will be an unexcused absence.
4. Truancy will not be tolerated. The first offense will result in a detention. Repeated truancy will result in more severe measures, including a parent/guardian conference, ALC, suspension, etc.
5. Tardiness will not be tolerated. Detentions may be issued for tardiness. A student's attendance record is continuous from their first day of attendance for the school year.
6. Family trips that result in a student missing school are discouraged because they interfere with the education of the student. However, in cases where such trips are taken, a maximum of five (5) school dates may be used. Prior approval by the principal or his designee is required, or the absence will be unexcused. The office will keep records of the number of days a student has been absent due to family trips. After the fifth date, no additional excused absences for family trips will be permitted.
7. Students shall not be excused from their physical education classes for more than two (2) days without a written order from a licensed physician. Parents/guardians must telephone the office for any day(s) they wish to have their child excused, and have a note on file in the office. This can not exceed two (2) days. Any student receiving an extended excuse from physical education shall be placed when possible in a study hall or class.
8. Students who are absent for the full school day or any portion of the afternoon, and do not return to school that day, are not permitted to attend any school activities and/or work. Failure to comply with this guideline may result in an unexcused absence for the student.
9. Students who miss three consecutive days due to illness will need a doctor note to return to school.

ACADEMIC REQUIREMENTS FOR PROMOTION (6-8)

A student in sixth, seventh, or eighth grade shall be promoted to the next higher grade level at the end of the current school term except when such student receives final grades of "F" in math and reading or any combination of three (3) of the following: reading, mathematics, social studies, science, language arts.

A student must pass the constitution test in middle school to be promoted to the next grade level.

At the end of the second quarter grading period (first semester) the building principal shall request that the parents/guardians of any student who has accumulated fifteen (15) or more absences meet with the building principal to discuss the child's problems. Such a request shall be in writing and shall state the time, place and purpose of the meeting. At such meeting, the parents/guardians may appear and discuss the proposed retention with the teacher and building principal. Other possible remedies include tutorial sessions, more instructional time, modified instructional materials, and summer school. After that meeting the building principal shall take such action as is deemed appropriate.

The building principal shall give written notice of this action to the parents/guardians.

RETENTIONS

1. In the event any student fails to meet the minimum academic standards for promotion as set forth and the principal determines that such student shall not be assigned as set forth above, the student shall be retained at their present grade level.
2. At the end of the third quarter grading period, the principal or teacher shall request that the parents/guardians of any student to be recommended for possible retention meet with the individual teacher and the principal to discuss their child's deficiencies and behavior. Such request shall be in writing and shall state the time, place, and purpose of the meeting. At such meeting, the parents/guardians may appear and discuss the proposed retention with the teacher and the principal. After that meeting the principal shall take such action as is deemed appropriate.
3. The principal will give written notice of this action to the parents/guardians.

CREDIT DENIAL OR RETENTION FOR EXCESSIVE ABSENCES

1. The School Board believes that an educational system is organized on the basic premise that all students shall regularly attend school. When a student is absent, the absence shall be treated as excused or unexcused.

Absences shall be excused only for the following reasons:

- a. personal illness
- b. bereavement
- c. quarantine
- d. family emergencies
- e. observance of religious holidays
- f. written requests approved in advance by the administrator

2. Credit shall not be granted to any student for any course in which the student has accumulated twenty (20) or more absences in a school year (10 per semester). For this purpose "absences" include all absences, whether or not excused, except for:

- a. absences explained as necessary, for specified dates and reasons, in a signed doctor's statement.
- b. all periods of in-school and out-of-school suspension.

3. At the end of the second quarter period (first semester) the principal shall request that the parents/guardians of any student who has accumulated ten (10) or more absences as defined in #1 above shall meet with the principal to discuss their child's problems. Such request shall be in writing and shall state the time, place, and purpose of the meeting. At such meetings, the parents/guardians may appear and discuss the impending loss of credit with the principal. After that meeting the principal shall take such action as is deemed appropriate.

4. The principal will give written notice of this action to the parents/guardians.

ANIMALS ON SCHOOL PROPERTY

In order to assure student health and safety, animals are not allowed on school property, except in the case of a service animal accompanying a student or other individual with a documented disability. Please refrain from bringing pets near the school or on school grounds during arrival and dismissal times. It is difficult to predict how animals will react around areas with a lot of movement or when a child is unfamiliar with pets. This rule may be temporarily waived by the building principal in the case of an educational opportunity for students, provided that (a) the animal is appropriately housed, humanely cared for, and properly handled, and (b) students will not be exposed to a dangerous animal or an unhealthy environment.

ARRIVAL AND DEPARTURE

Students participating in the breakfast program may enter the cafeteria at 7:50 A.M. If not participating in the breakfast program, students are not to arrive at school before 8:00 A.M. No students, except those under the direct supervision of a teacher, are to be in the building prior to 8:00 A.M. During inclement weather, students who arrive at school prior to 8:10 A.M. will be permitted to sit in the school gymnasium beginning at 8:00 A.M. A bell will ring at 8:10 A.M. to signal the time for students to enter the building.

Once students arrive at school, they are required to stay at school, unless otherwise approved by the middle school principal.

School will dismiss at 3:15 P.M.

Buses will leave the school at 3:20 P.M.

No students, except those under the direct supervision of a teacher, are to be in the building after 3:25 P.M.

ASBESTOS

An Asbestos Management Plan is on file in the high school and unit office. The district policy insures that any asbestos that is removed will be done in an appropriate manner indicated by life safety regulations.

ASTHMA RESPONSE AND ANAPHYLAXIS PROTOCOL

The school is committed to provide an allergen-safe school environment. School training is provided to all district staff concerning asthma and anaphylaxis prevention, signs and symptoms. Students are requested to provide an Asthma Action Plan (AAP) to be kept on file in the office. The AAP will be followed by all district employees. Additional information may be requested from the school nurse.

ATHLETIC CODE - 365 DAY CODE

Any athlete who is determined by a coach, sponsor, administrator, faculty member, or law enforcement official to be using or in possession of tobacco, illegal drugs, or alcohol at anytime or in any place shall receive the following penalties.

A. First offense:

Suspension from Athletics as follows: Middle School-four (4) games (dates). If the violation occurs while not out for a sport, the student will serve his/her suspension during his/her next sport whenever that may occur in middle school.

B. Second offense (within one calendar year of a first offense):

Suspension from Athletics as follows: Middle School-eight (8) games. If the student, with parental approval, chooses to participate in and successfully complete a program of school/community service and/or counseling deemed appropriate by the administration, the penalty may be modified. Under no circumstances will the penalty be reduced to less than a first offense penalty. If the violation occurs while not out for a sport, the student will serve his/her suspension during his/her next sport whenever that may occur in middle school.

C. Third offense

Permanent suspension from athletic activities for the remainder of the middle school career.

D. Stipulations:

1. All penalties shall begin immediately upon the determination of a violation of this code.

2. A 7th/8th game is considered one game/date.

3. If the violation occurs during the sport season or activity year, and the penalty cannot be completed, the remainder of the penalty will be proportionately charged to the next sport. Fractions will be rounded to the next higher number of games.

4. The student must finish the sport from which they are suspended for whatever period of time it is scheduled. To assist the suspended athlete to be in proper conditioning and sport-knowledgeable, the athlete will be required to practice with the team (s), follow all training rules, and complete the season in good standing with the coach.

5. If any of these stipulations are not followed, no credit will be given for any time served and the consequences will be applied in the next sport or activity.

6. All honors will be forfeited for the suspended sports or activities.

7. Middle School students promoted to High School will begin with a clean record.

E. Notification: The principal will hold a conference with the student and notify, in writing, the student, parents, and coach(s) when a violation is determined and a suspension is imposed.

F. Right to Review: The student or parent/guardian(s) may appeal the suspension by requesting a hearing within ten (10) days of notification of suspension. The request must be in writing to the Superintendent.

G. Hearing: The following may be present: student and/or parent/guardian(s) and a representative, Principal, Superintendent, head coach(s), and two peers may be invited by the student as silent observers. Following the hearing the Superintendent will notify in writing the participants. Additionally, the student and parent/guardian(s) will be informed of their further right of appeal to the Board of Education. The Superintendent will have the power to modify the penalties of this code in considering extenuating circumstances. Such a modification may include counseling and/or school/community service in lieu of some suspension time.

EXTRACURRICULAR AND ATHLETIC ACTIVITIES CODE OF CONDUCT

Participation in extracurricular activities is a privilege not a right.

This Extracurricular and Athletic Activities Code of Conduct applies, where applicable, to all school-sponsored athletic and extracurricular activities.

Requirements for Participation in Athletic Activities

A student must meet all academic eligibility requirements and have the following fully executed documents on file in the school office before being allowed to participate in any athletic activity:

1. A current certificate of physical fitness issued by a licensed physician, an advanced practice nurse or physician assistant.
2. A permission slip to participate in the specific athletic activity signed by the student's parent/guardian.
3. Proof the student is covered by medical insurance.
4. Signed documentation agreeing to comply with the School District's policies and procedures on student athletic concussions and head injuries.

Academic Eligibility

Selection of members or participants in extracurricular and athletic activities is at the discretion of the designated teachers, sponsors, and coaches.

In order to be eligible to participate in extracurricular and athletic activities, a student must maintain a passing grade in all classes.

Absence from School on Day of Extracurricular or Athletic Activity

A student who is absent from school after noon is ineligible for any extracurricular or athletic activity on that day unless the absence has been approved in writing by the principal. Exceptions may be made by the designated teacher, sponsor or coach for: 1) a pre-arranged medical absence; 2) a death in the student's family; or 3) a religious ceremony or event.

A student who has been suspended from school is also suspended from participation in all extracurricular and athletic activities for the duration of the suspension.

A student who is absent from school on a Friday before a Saturday event may be withheld from Saturday extracurricular or athletic activities at the sole discretion of the designated teacher, sponsor, coach or administrator.

Code of Conduct

The student shall not:

1. Violate the school rules and School District policies on student discipline including policies and procedures on student behavior;
2. Act in an unsportsmanlike manner;
3. Violate any criminal law, including but not limited to, assault, battery, arson, theft, gambling, eavesdropping, vandalism and reckless driving;
4. Haze or bully other students;
5. Violate the written rules for the extracurricular or athletic activity;
6. Behave in a manner that is detrimental to the good of the group or school;
7. Be insubordinate or disrespectful toward the activity's sponsors or team's coaching staff; or
8. Falsify any information contained on any permit or permission form required by the extracurricular or athletic activity.

Hazing is any humiliating or dangerous activity expected of a student to belong to a team or group, regardless of his or her willingness to participate. Bullying includes cyber-bullying (bullying through the use of technology or any electronic communication) and means any severe or pervasive physical or verbal act or conduct, including communications made in writing or electronically, directed toward a student or students that has or can be reasonably predicted to have the effect of one or more of the following:

1. Placing the student or students in reasonable fear of harm to the student's or students' person or property;
2. Causing a substantially detrimental effect on the student's or students' physical or mental health;
3. Substantially interfering with the student's or students' academic performance; or
4. Substantially interfering with the student's or students' ability to participate in or benefit from the services, activities, or privileges provided by a school.

Examples of prohibited conduct include name-calling, using derogatory slurs, stalking, sexual violence, causing psychological harm, threatening or causing physical harm, threatened or actual destruction of property, or wearing or possessing items depicting or implying hatred or prejudice of one of the characteristics stated above.

STUDENT ATHLETE CONCUSSIONS AND HEAD INJURIES

Student athletes must comply with Illinois' Youth Sports Concussion Safety Act and all protocols, policies and bylaws of the Illinois High School Association before being allowed to participate in any athletic activity, including practice or competition.

A student who was removed from practice or competition because of a suspected concussion shall be allowed to return only after all statutory prerequisites are completed, including without limitation, the School District's return-to-play and return-to-learn protocols.

ATTENDANCE

Article 26-1 of the Illinois School Code is the legal document mandating compulsory attendance of children between the ages of 6 and 17 years. The Bement Community Unit School District has the legal responsibility to enforce this law.

Illinois law requires that whoever has custody or control of any child between six (by September 1st) and seventeen years of age shall assure that the child attends school in the district in which he or she resides, during the entire time school is in session (unless the child has already graduated from high school). Illinois law also requires that whoever has custody or control of a child who is enrolled in the school, regardless of the child's age, shall assure that the child attends school during the entire time school is in session.

There are certain exceptions to the attendance requirement for children who: are physically or mentally unable to attend school or have a religious reason requiring absence.

BUS TRANSPORTATION

The district provides bus transportation to and from school for all students living 1.5 miles or more from the school. A list of bus stops will be published at the beginning of the school year before student registration. Parents must, at the beginning of the school year, select one bus stop at which a student is to be picked up, and one stop at which a student is to be dropped off. Students are not permitted to ride a bus other than the bus to which they are assigned. Exceptions must be approved in advance by the building principal.

While students are on the bus, they are under the supervision of the bus driver. In most cases, bus discipline problems can be handled by the bus driver. In the case of a written disciplinary referral, student bus problems will be investigated and handled by the building principal. Parents will be informed of any and all inappropriate student behavior on a bus.

A student who is suspended from riding the school bus and who does not have alternative transportation to school shall be allowed the opportunity to make up all missed work for equivalent academic credit. It is the responsibility of the student's parent or guardian to notify the school that the student does not have alternative transportation to school.

Parents are encouraged to discuss bus safety and appropriate behavior with their children before the beginning of the school year and regularly during the year.

In the interest of the student's safety and in compliance with State law, students are expected to observe the following rules:

1. Choose a seat, and sit in it immediately upon entering the bus. Do not stand in the entrance or in the aisle.
2. Do not move from one seat to another while on the bus.
3. Keep all parts of the body and all objects inside the bus.
4. Loud conversation, singing, boisterous conduct, unnecessary noise or profanity is not allowed.
5. Enter and exit the bus only when the bus is fully stopped.
6. All school rules apply while on the bus, at a bus stop, or waiting for the bus.
7. Use emergency door only in an emergency.
8. In the event of emergency, stay on the bus and await instructions from the bus driver.

9. Good behavior and behavior that will not distract the bus driver from operating the bus safely is required. Crowding, pushing, scuffling, and other needless commotion are grounds for disciplinary action.
10. Do not open windows below marked line.
11. Keep the bus neat and clean.
12. Athletic footwear equipped with cleats or spikes are not allowed on the bus.
13. Inappropriate behavior will be reported to school authorities and failure to observe safety rules may result in suspension from bus services.
14. Be waiting at your bus stop on time.
15. Never tamper with, damage, or deface anything in or on the bus, or any of the bus or school equipment. Keep book bags, books, packages, coats, and other objects out of the aisles.
16. Keep all body parts clear of the aisles when seated.
17. Eating is not permitted on the bus.
18. Parents will be liable for any defacing or damage students do to the bus.

Students may be suspended from riding the school bus for up to 10 consecutive school days for engaging in gross disobedience or misconduct. If a student is suspended from riding the bus for gross disobedience or misconduct on a bus, the school board may suspend the student from riding the school bus for a period in excess of 10 days for safety reasons. The district's regular suspension procedures shall be used to suspend a student's privilege to ride a school bus.

Video and audio cameras may be active on busses to record student conduct and may be used for the purposes of investigation into misconduct or accidents on the bus.

If any of the rules set forth herein above are disobeyed or abused, the following procedures will be instituted:

1. The student shall be issued a bus misconduct notice by the bus driver. In addition, a copy of the bus misconduct notice shall be forwarded to the office of the Superintendent, or his designee, of the Bement Community Unit School District.
2. Upon receiving the second notice, both copies must be signed by the parent/guardian and returned to the bus driver. The driver will bring the misconduct notice and the student/students to the superintendent's office, or his designee's office, where appropriate action will be taken.
3. Upon receiving the third notice, the same procedure will be followed as in #2. However, the student is seriously risking suspension from riding the school bus. The suspension could be for a short period of time or for the remainder of that school year.
4. Serious misconduct may result in an immediate suspension of the student's bus riding privileges.

Extracurricular Bus Policies

1. If the coach/sponsor allows, a parent/guardian may take his/her own child from an activity held outside the Bement School District. The requirement is that the parent/guardians must inform the coach/sponsor personally. Each coach/sponsor should have a sign-up sheet for this purpose.

2. If the coach/sponsor allows, another responsible adult may take a child from an activity held outside the Bement School District. The requirements are that parental consent must be given to the coach prior to be dismissed from the activity.
3. If the coach/sponsor allows, a child may disembark the school bus in Ivesdale or Milmine after an away activity. The requirements are that the bus must be traveling through that town, the parent/guardian must either complete the requirements of #1 or #2 above, and that parent/guardian/designee must be at the drop off point to meet that child.
4. All participants, managers, and cheerleaders shall ride the bus to and from activities outside the Bement School District unless the preceding requirements in #1-3 are met.

CIVIL RIGHTS

The district does not discriminate on the basis of race, color, national origin, sex, or disability. Inquiries regarding nondiscrimination policies should be directed to Doug Kepley, Bement Middle/High School Principal, 201 South Champaign Street, Bement, Illinois 61813, phone 217-678-4200 or Sheila Greenwood, Bement Superintendent/Elementary Principal, 201 South Champaign Street, Bement, Illinois 61813, phone 217-678-4200

COLLECTION OF FEES

1. The time in the school term a student enters the Bement School District shall determine the amount collected. If a student enters during the first nine weeks, the entire amount of book and class fees shall be collected; the second nine weeks, 3/4 of the book and class fees shall be collected; the third nine weeks, 1/2 of the book and class fees shall be collected, and during the fourth nine weeks, 1/4 of the book and class fees shall be collected.
2. Workbook fees shall be collected at the full amount, regardless of the entrance date.
3. Court action shall be taken against those having delinquent payments for fees and fines. Participation in extracurricular activities of all types will be affected until fees/fines are paid.

COMMUNICABLE DISEASES

The school will observe recommendations of the Illinois Department of Public Health regarding communicable diseases.

1. Parents are required to notify the school nurse if they suspect their child has a communicable disease.
2. In certain cases, students with a communicable disease may be excluded from school or sent home from school following notification of the parent or guardian.
3. The school will provide written instructions to the parent or guardian regarding appropriate treatment for the communicable disease.
4. A student excluded because of a communicable disease will be permitted to return to school only when the parent or guardian brings to the school a letter from the student's doctor stating that the student is no longer contagious or at risk of spreading the communicable disease.

COMPLAINT PROCESS AND CHAIN OF COMMAND

The Bement CUSD 5 Board of Education wished to emphasize that complaints concerning certified staff members and/or programs will be handled through a proper chain of command. Using this procedure, a citizen with a complaint must first address the complaint with the faculty member directly responsible. If satisfactory results are not achieved, the citizen then may address that faculty member's direct supervisor. Citizens with concerns about non-certified employees should first address their direct supervisor. A normal chain of command for a complaint concerning a classroom teacher, for example, would be to begin with the teacher and continue through the Building Principal, Superintendent, and finally, the Board of Education. The board will not address complaints concerning staff and/or programs unless the chain of command has been completed up to and including the Superintendent.

DAMAGE TO SCHOOL PROPERTY

Students shall be expected to use good judgment, follow directions and act prudently when using school facilities or resources. A student who damages school property or equipment through carelessness or maliciousness shall be required to pay for such damages or make restitution as determined by the superintendent. In addition, the student shall be liable for any disciplinary measures which, by the nature of the offense, shall be deemed necessary by the building principal, superintendent, and/or the board of education.

DANCES

Attendance at school-sponsored dances is a privilege. Only students who attend the school may attend school-sponsored dances, unless the principal or designee approves a student's guest in advance of the event. All school rules, including the school's discipline code and dress code are in effect during school-sponsored dances. Students who violate the school's discipline code will be required to leave the dance immediately, and the student's parent/guardian will be contacted. The school may also impose other discipline as outlined in the school's discipline code.

DIABETES CARE PLAN

If your child has diabetes and requires assistance with managing this condition while at school and school functions, a Diabetes Medical Management Plan must be submitted to the school principal. Parents/guardians are responsible for and must:

- a. Inform the school in a timely manner of any change which needs to be made to the Diabetes Medical Management Plan on file with the school for their child.
- b. Inform the school in a timely manner of any changes to their emergency contact numbers or contact numbers of health care providers.
- c. Sign the Diabetes Medical Management Plan.
- d. Grant consent for and authorize designated School District representatives to communicate directly with the health care provider whose instructions are included in the Diabetes Medical Management Plan.

DISCIPLINE POLICY

Philosophy

Education is most effective with good, consistent discipline. Discipline is administered with the expectation that learning will occur.

The responsibility of the school is to help the student maintain and further develop his/her self-discipline and not infringe upon the rights of others.

PROHIBITED STUDENT CONDUCT

Students may be disciplined for gross disobedience or misconduct, including but not limited to the following:

1. Using, possessing, distributing, purchasing, selling or offering for sale tobacco or nicotine materials, including electronic cigarettes or e-cigarettes.
2. Using, possessing, distributing, purchasing, or selling alcoholic beverages. Students who are under the influence of an alcoholic beverage are not permitted to attend school or school functions and are treated as though they had alcohol in their possession.
3. Using, possessing, distributing, purchasing, selling or offering for sale:
 - a. Any illegal drug, controlled substance, or cannabis (including marijuana, medical cannabis and hashish).
 - b. Any anabolic steroid unless it is being administered in accordance with a physician's or licensed practitioner's prescription.

The use or possession of medical cannabis, even by a student for whom medical cannabis has been prescribed, is prohibited.
 - e. Any inhalant, regardless of whether it contains an illegal drug or controlled substance: (a) that a student believes is, or represents to be capable of, causing intoxication, hallucination, excitement, or dulling of the brain or nervous system; or (b) about which the student engaged in behavior that would lead a reasonable person to believe that the student intended the inhalant to cause intoxication, hallucination, excitement, or dulling of the brain or nervous system. The prohibition in this section does not apply to a student's use of asthma or other legally prescribed inhalant medications.
 - f. "Look-alike" or counterfeit drugs, including a substance that is not prohibited by this policy, but one: (a) that a student believes to be, or represents to be, an illegal drug, controlled substance, or other substance that is prohibited by this policy; or (b) about which a student engaged in behavior that would lead a reasonable person to believe that the student expressly or impliedly represented to be an illegal drug, controlled substance or other substance that is prohibited by this policy.

- h. Any substance inhaled, injected, smoked, consumed or otherwise ingested or absorbed with the intention of causing a physiological or psychological change in the body, including without limitation, pure caffeine in a tablet or powdered form.
- Students who are under the influence of any prohibited substance are not permitted to attend school or school functions and are treated as though they have the prohibited substance, as applicable, in their possession.
4. Using, possessing, controlling or transferring a "weapon" or violating the procedures listed below under the Weapons Prohibition section of this handbook procedure.
 5. Using or possessing an electronic paging device.
 6. Using a cellular telephone, smartphone, video recording device, personal digital assistant (PDA), or similar electronic device in any manner that disrupts the educational environment or violates the rights of others, including using the device to take photographs in locker rooms or bathrooms, cheat, or otherwise violate student conduct rules. Prohibited conduct specifically includes, without limitation, creating and sending, sharing, viewing, receiving or possessing an indecent visual depiction of oneself or another person through the use of a computer, electronic communication device or cellular telephone, commonly known as "sexting." Unless otherwise banned under this policy or by the building principal, all cellular phones, smartphones and other electronic devices must be kept powered-off and out-of-sight during the regular school day unless: (a) the supervising teacher grants permission; (b) use of the device is provided in a student's individualized education program (IEP); (c) it is used during the student's lunch period; or (d) it is needed in an emergency that threatens the safety of students, staff, or other individuals.
 7. Using or possessing a laser pointer unless under a staff member's direct supervision and in the context of instruction.
 8. Disobeying rules of student conduct or directives from staff members or school officials. Examples of disobeying staff directives include refusing a staff member's request to stop, present school identification or submit to a search.
 9. Engaging in academic dishonesty, including cheating, intentionally plagiarizing, wrongfully giving or receiving help during an academic examination, altering report cards and wrongfully obtaining test copies or scores.
 10. Engaging in bullying, hazing or any kind of aggressive behavior that does physical or psychological harm to a staff person or another student or encouraging other students to engage in such behavior. Prohibited conduct specifically includes, without limitation, any use of violence, intimidation, force, noise, coercion, threats, stalking, harassment, sexual harassment, public humiliation, theft or destruction of property, retaliation, hazing, bullying, bullying using a school computer or a school computer network or other comparable conduct.
 11. Engaging in any sexual activity, including without limitation, offensive touching, sexual harassment, indecent exposure (including mooning) and sexual assault.
 12. Engaging in teen dating violence.
 13. Causing or attempting to cause damage to, stealing, or attempting to steal, school property or another person's personal property.
 14. Entering school property or a school facility without proper authorization.
 15. In the absence of a reasonable belief that an emergency exists, calling emergency responders (calling 9-1-1); signaling or setting off alarms or signals indicating the presence of an emergency; or indicating the presence of a bomb or explosive device on school grounds, school bus or at any school activity.
 16. Being absent without a recognized excuse.
 17. Being involved with any public school fraternity, sorority, or secret society.

18. Being involved in a gang or engaging in gang-like activities, including displaying gang symbols or paraphernalia.
19. Violating any criminal law, including but not limited to, assault, battery, arson, theft, gambling, eavesdropping, vandalism and hazing.
20. Engaging in any activity, on or off campus, that interferes with, disrupts, or adversely affects the school environment, school operations, or an educational function, including but not limited to, conduct that may reasonably be considered to: (a) be a threat or an attempted intimidation of a staff member; or (b) endanger the health or safety of students, staff, or school property.
21. Making an explicit threat on an Internet website against a school employee, a student, or any school-related personnel if the Internet website through which the threat was made is a site that was accessible within the school at the time the threat was made or was available to third parties who worked or studied within the school grounds at the time the threat was made, and the threat could be reasonably interpreted as threatening to the safety and security of the threatened individual because of his or her duties or employment status or status as a student inside the school.
22. Operating an unarmed aircraft system (AUS) or drone for any purpose on school grounds or at any school event unless granted permission by the building principal.

For purposes of these rules, the term "possession" includes having control, custody, or care, currently or in the past, of an object or substance, including situations in which the item is: (a) on the student's person; (b) contained in another item belonging to, or under the control of, the student, such as in the student's clothing, backpack, or automobile; (c) in a school's student locker, desk, or other school property; (d) at any location on school property or at a school-sponsored event; or (e) in the case of drugs and alcohol, substances ingested by the person.

Efforts, including the use of positive interventions and supports shall be made to deter students, while at school or a school-related event, from engaging in aggressive behavior that may reasonably produce physical or psychological harm to someone else.

No disciplinary action shall be taken against any student that is based totally or in part on the refusal of the student's parent/guardian to administer or consent to the administration of psychotropic or psychostimulant medication to the student.

When and Where Conduct Rules Apply

The grounds for disciplinary action also apply whenever the student's conduct is reasonably related to school or school activities, including but not limited to:

1. On, or within sight of, school grounds before, during, or after school hours or at any time;
2. Off school grounds at a school-sponsored activity or event, or any activity or event that bears a reasonable relationship to school;
3. Traveling to or from school or a school activity, function, or event; or
4. Anywhere, if the conduct interferes with, disrupts, or adversely affects the school environment, school operations, or an educational function, including but not limited to, conduct that may reasonably be considered to: (a) be a threat or an attempted intimidation of a staff member; or (b) endanger the health or safety of students, staff, or school property.

Disciplinary Measures

School officials shall limit the number and duration of expulsions and out-of-school suspensions to the greatest extent practicable, and, where practicable and reasonable, shall consider forms of non-exclusionary discipline before using out-of-school suspensions or expulsions. School personnel shall not advise or encourage students to drop out of school voluntarily due to behavioral or academic difficulties. Potential disciplinary measures include, without limitation, any of the following measures:

1. Notifying parents/guardians.
2. Disciplinary conference.
3. Withholding of privileges.
4. Temporary removal from the classroom.
5. Return of property or restitution for lost, stolen or damaged property.
6. Alternative Learning Center (ALC) – Students will be on a separate schedule and will be expected to do class work. Credit will be given for work completed in the ALC and must be turned in at the end of the ALC day.
7. After-school study or Saturday study provided the student’s parent/guardian has been notified. (If transportation arrangements cannot be made in advance, an alternative disciplinary measure will be assigned to the student.)
8. Community service.
9. Seizure of contraband; confiscation and temporary retention of the personal property that was used to violate school rules.
10. Suspension of bus riding privileges.
11. Suspension from school and all school activities for up to 10 days. A suspended student is prohibited from being on school grounds.
12. Expulsion from school and all school activities for a definite time period not to exceed 2 calendar years. An expelled student is prohibited from being on school grounds.
13. Transfer to an alternative program if the student is expelled or otherwise qualifies for transfer under State law.
14. Notifying juvenile authorities or other law enforcement whenever the conduct involves criminal activity, such as, illegal drugs (controlled substances), “look-alikes,” alcohol or weapons or in other circumstances as authorized by the reciprocal reporting agreement between the District and local law enforcement agencies.
15. Lunch detention.
16. Home pass for the lunch hour revoked.
17. Extracurricular/Sports limited participation.
18. Before school detentions.
19. After school privileges.
20. Removal from clubs/organizations.

The above list of disciplinary measures is a range of options that will not always be applicable in every case. In some circumstances, it may not be possible to avoid suspending or expelling a student because behavioral interventions, other than a suspension or expulsion, will not be appropriate and available, and the only reasonable and practical way to resolve the threat and/or address the disruption is a suspension or expulsion.

Corporal Punishment

Corporal punishment is illegal and will not be used. Corporal punishment is defined as slapping, paddling, or prolonged maintenance of students in physically painful positions, or intentional infliction of bodily harm. Corporal punishment does not include reasonable force as needed to maintain safety for students, staff, or other persons, or for the purpose of self-defense or defense of property.

Weapons Prohibition

A student who is determined to have brought one of the following objects to school, any school-sponsored activity or event, or any activity or event that bears a reasonable relationship to school shall be expelled for a period of not less than one year but not more than 2 calendar years:

(1) A firearm, meaning any gun, rifle, shotgun, weapon as defined by Section 921 of Title 18 of the United States Code, firearm as defined in Section 1.1 of the Firearm Owners Identification Card Act, or firearm as defined in Section 24-1 of the Criminal Code of 1961. The expulsion period may be modified by the superintendent, and the superintendent's determination may be modified by the board on a case-by-case basis.

(2) A knife, brass knuckles or other knuckle weapon regardless of its composition, a billy club, or any other object if used or attempted to be used to cause bodily harm, including "look-alikes" of any firearm as defined above.

The expulsion requirement may be modified by the superintendent, and the superintendent's determination may be modified by the board on a case-by-case basis.

Gang & Gang Activity Prohibited

"Gang" is defined as any group, club or organization of two or more persons whose purposes include the commission of illegal acts. No student on or about school property or at any school activity or whenever the student's conduct is reasonably related to a school activity, shall: (1) wear, possess, use, distribute, display, or sell any clothing, jewelry, paraphernalia or other items which reasonably could be regarded as gang symbols; commit any act or omission, or use either verbal or non-verbal gestures, or handshakes showing membership or affiliation in a gang; or (2) use any speech or commit any act or omission in furtherance of the interest of any gang or gang activity, including, but not limited to, soliciting others for membership in any gangs; (3) request any person to pay protection or otherwise intimidate, harass or threaten any person; (4) commit any other illegal act or other violation of district policies, (5) or incite other students to act with physical violence upon any other person.

Re-Engagement of Returning Students

The building principal or designee shall meet with a student returning to school from an out-of-school suspension, expulsion or alternative school setting. The goal of this meeting shall be to support the student's ability to be successful in school following a period of exclusion and shall include an opportunity for students who have been suspended to complete or make-up missed work for equivalent academic credit.

PREVENTION OF AND RESPONSE TO BULLYING, INTIMIDATION, AND HARASSMENT

Bullying, intimidation, and harassment diminish a student's ability to learn and a school's ability to educate. Preventing students from engaging in these disruptive behaviors and providing all students equal access to a safe, non-hostile learning environment are important school goals.

Bullying on the basis of actual or perceived race, color, national origin, immigration status, military status, unfavorable discharge status from the military service, sex, sexual orientation, gender identity, gender-related identity or expression, ancestry, age, religion, physical or mental disability, order of protection status, status of being homeless, or actual or potential marital or parental status, including pregnancy, association with a person or group with one or more of the aforementioned actual or perceived characteristics, or any other distinguishing characteristic is prohibited in each of the following situations:

1. During any school-sponsored education program or activity.
2. While in school, on school property, on school buses or other school vehicles, at designated school bus stops waiting for the school bus, or at school-sponsored or school-sanctioned events or activities.
3. Through the transmission of information from a school computer, a school computer network, or other similar electronic school equipment.
4. Through the transmission of information from a computer that is accessed at a nonschool-related location, activity, function, or program or from the use of technology or an electronic device that is not owned, leased, or used by the school district or school if the bullying causes a substantial disruption to the educational process or orderly operation of a school.

Bullying includes cyber-bullying (bullying through the use of technology or any electronic communication) and means any severe or pervasive physical or verbal act or conduct, including communications made in writing or electronically, directed toward a student or students that has or can be reasonably predicted to have the effect of one or more of the following:

1. Placing the student or students in reasonable fear of harm to the student's or students' person or property;
2. Causing a substantially detrimental effect on the student's or students' physical or mental health;
3. Substantially interfering with the student's or students' academic performance; or
4. Substantially interfering with the student's or students' ability to participate in or benefit from the services, activities, or privileges provided by a school.

Examples of prohibited conduct include name-calling, using derogatory slurs, stalking, sexual violence, causing psychological harm, threatening or causing physical harm, threatened or actual destruction of property, or wearing or possessing items depicting or implying hatred or prejudice of one of the characteristics stated above.

Students are encouraged to immediately report bullying. A report may be made orally or in writing to the district complaint manager or any staff member with whom the student is comfortable speaking. Anyone, including staff members and parents/guardians, who has information about actual or threatened bullying is encouraged to report it to the district complaint manager or any staff member. Anonymous reports are also accepted by phone call or in writing.

A reprisal or retaliation against any person who reports an act of bullying is prohibited. A student's act of reprisal or retaliation will be treated as bullying for purposes of determining any consequences or other appropriate remedial actions.

A student will not be punished for reporting bullying or supplying information, even if the school's investigation concludes that no bullying occurred. However, knowingly making a false accusation or providing knowingly false information will be treated as bullying for purposes of determining any consequences or other appropriate remedial actions.

Enforcement of Rules and Regulations

When self-discipline fails, regulations for management of school behavior, including those adopted by the board for each individual school, must be enforced by those directly responsible for the operation of the schools. School staff members will make every effort, individually, collectively, and cooperatively, with appropriate available community resources, to help each student gain acceptable self-discipline standards. The school board has this legal responsibility according to the Illinois School Code.

To be effective, a punishment (control measure) should be a logical consequence of the offense. It should be prompt. It should be applied consistently.

1. School Detentions: Students may be detained before or after school for up to thirty (30) minutes as a disciplinary measure.

A detention is administered by the classroom teacher and/or supervisor for minor infractions. A detention serves to provide a warning to the student to stop their minor misbehavior. Detentions will be held on Wednesday after school at a designated location for up to 30 minutes. A detention form will be brought home by the student. Detentions may be served before school at the discretion of the principal.

Students shall be given advance notice of a detention with the responsibility of informing their parent/guardian of the detention.

Students have the option of serving the detention the same day or at another time designated by the principal.

If a student fails to serve his/her detention as prescribed above, he/she shall be assigned up to an ALC.

Both the original and newly assigned detentions must be served in addition to any other disciplinary action assigned. Failure to serve assigned detentions on time will result in a student progressing along the disciplinary process.

After five (5) detentions are issued, a Saturday detention shall be given. After ten (10) detentions are issued, an ALC will be assigned. After fifteen (15) detentions are issued, two (2) ALC's will be assigned. After twenty (20) detentions are issued, two (2) ALC's will be issued plus additional consequences.

2. Other Remedies: The superintendent, principal, or any teacher of the school corporation shall be authorized to take reasonable action in connection with student misbehavior.

Reasonable actions might include:

- a. Counseling with a student or group of students.
- b. Conferences with parent/guardian or group of parents.
- c. Rearranging class schedules.
- d. Requiring a student to remain after regular school hours for counseling with the teacher.
- e. A student's privilege to attend class or extracurricular field trips may be revoked.
- f. Notification of proper authorities when local/state or federal laws are violated.

3. Removal from Class (Not More Than One Day)

- a. A teacher may remove a student from class when the seriousness of the offense, the persistence of the misbehavior, or the disruptive conduct, in the opinion of the teacher, disrupts the educational process of the other students in the classroom, or if the student has been disrespectful and defiant to the teacher.
- b. The teacher shall notify the proper administrator.
- c. The teacher, as soon as possible or not later than the end of the school day, shall report, in writing, to the building principal, the circumstances leading to the student's removal from class.
- d. In cases when a student is sent to the building principal from class for extended disrespect or defiance of teacher authority, accompanied by a note stating such, said student shall not be readmitted without consultation between the administrator and the teacher.
- e. Additional conferences may be scheduled by the administrator and may include the student, parent/guardian, and/or the teacher. The conference shall be scheduled by the appropriate administrator.

4. Intensive Parental Supervision - The principal may upon his/her discretion, permit a parent to spend the school day with a student at an agreed time with the parent and principal.

5. A student may be placed on SOCIAL PROBATION, which prohibits that student from attending any after school activities for a period to be determined by the principal.

6. Saturday Detentions - Saturday detention may be assigned by the Superintendent or building principal as a consequence of inappropriate behavior or an accumulation of assigned detentions given by the office.

Multiple Saturday detentions may be assigned by the administration depending on the seriousness of the offense. Saturday detention will last from 8:00 a.m. to 11:00 a.m. Students will sign a contract which states that they will abide by the rules listed in the contract while serving their detention. Those rules include:

- a. Students must report no later than 8:00 a.m. to detention. If late, students will be assigned another Saturday detention.
- b. Only school work, library books, or administrator approved materials are acceptable activities during detention.
- c. No gum, candy, or food will be allowed. No sleeping at any time.
- d. No talking will be allowed. A student wishing to communicate with the teacher in charge will raise his or her hand.
- e. A supervised break will take place sometime mid-morning at the teacher's discretion. It will last 10 minutes.
- f. Teachers will not tolerate any type of confrontation with students. Students will be asked to leave if they refuse to follow Saturday detention rules.

Any violation of the above shall be reported to the Superintendent or building principal on the following Monday morning. The principal may assign another Saturday detention or give an ALC. A student who misses Saturday detention will be given an ALC.

7. Alternative Learning Center – Students will be on a separate schedule and will be expected to do classwork. Credit will be given for work completed in the ALC.

8. Out-of-School Suspension - The temporary removal of a student from scheduled classes, school activities, and school property for a time not to exceed ten (10) days designated by the building principal or superintendent. Suspensions may be carried into the succeeding school year.

9. Expulsion – The term “expulsion” means disciplinary action taken by the Board of Education whereby a student:

- a. is separated from school attendance for a period in excess of ten (10) school days.
- b. is separated for a definite time not to exceed two calendar years.

10. Expulsion in Abeyance – The term “expulsion in abeyance” means disciplinary action taken by the Board of Education whereby the implementation of the expulsion is suspended contingent upon the student meeting conditions set forth by the Board of Education.

Guidelines for Determining Length of Penalty Time

The Board of Education ratifies the following guidelines for determining the length of penalty time for various infractions. When unusual circumstances are present, it may be advisable to reduce or exceed these suggested guidelines. In addition, any violation of state or local laws shall be promptly reported to the appropriate law enforcement authorities.

Special Emphasis

Physical attack upon any person may be grounds for expulsion from school.

Expulsion may be levied on any student who is found to be carrying a weapon to, from, or within his/her learning center; or to, from, or in attendance at any school-sponsored activity.

Any student who has initiated, or taken part in any act of vandalism or arson may be expelled. Further, it shall be the policy of the Board of Education to seek to recover damages from the parent/guardian of any minor, or from any person, who has initiated, or taken part in any act of vandalism.

Required Notices

Efforts, including the use of early intervention and progressive discipline, shall be made to deter students, while at school or a school related event, from engaging in aggressive behavior that may reasonably produce harm to someone else. The Superintendent or designee shall ensure that the parent(s)/guardian(s) of a student who engages in aggressive behavior are notified of the incident. The failure to provide such notification does not limit the Board’s authority to impose discipline, including suspension or expulsion, for such behavior.

Examples of the Meaning of Various Infractions

The grounds for disciplinary action, including those described more thoroughly later in this policy, apply whenever the student's conduct is reasonably related to school or school activities, including, but not limited to:

1. On school grounds before, during, or after school hours or at any other time when the school is being used by a school group;
2. Off school grounds at a school sponsored activity or event, or any activity or event which bears a reasonable relationship to school;
3. Traveling to or from school or a school activity, function or event; or
4. Anywhere, if: (a) the conduct may reasonably be considered to be a threat or an attempted intimidation of a staff member; (b) the conduct may reasonably be considered to be an interference with school purposes or an educational function
(c) the student's presence at school may reasonably be considered to create an interference with school purposes or an educational function.

Procedures Governing Student Suspensions and Expulsions

The purpose of these procedures shall be to assure compliance with the School Code of Illinois and provide for the fair and equitable treatment of all suspension cases in the Bement Community Unit School District.

1. Explanation of Due Process

Due process requires, in connection with a suspension of up to ten (10) days, that the student be given immediate oral or written notice of the charges against him/her and if he/she denies them, an explanation of the evidence the authorities have, and an opportunity to present his/her version. The hearing may immediately follow the misconduct but, if prior notice and hearing are not feasible, as when the student's presence endangers persons or property or threatens disruption of the school, thus justifying immediate removal from school, the necessary notice and hearing should follow as soon as practicable.

- a. This act of suspension is a last alternative and is employed only when other attempts to remedy gross disobedience and misconduct have failed.
- b. The superintendent shall be notified as quickly as practicable of any and all suspensions. Report of suspension shall be in writing, stating complete details such as the description of the conduct and communication with parents/guardians.
- c. Parents/guardians of suspended pupils shall be notified of any and every suspension and shall be informed of the reasons for the suspension and of their right to a review of those reasons.
- d. The board of education shall be notified as quickly as possible of every out-of-school suspension.

2. Formal Review Procedures for Suspension

a. Statement of Reason:

As soon as practicable, a statement of the reasons for the suspension and the rules and regulations violated by the student's conduct shall be sent to the student's parents/guardians by mail. A hearing may be requested only by the parents/guardians of the student involved in the suspension.

- b. If a formal review hearing is requested in writing to the superintendent by the parents/guardians of the student, the superintendent shall establish a date, time, and place of the review and a statement of the procedure to be followed shall be given to all concerned.

3. Suspension Review Hearing

- a. Shall be held at a time and location to be set by the superintendent.
- b. The review may be held in executive session at the request of either party.
- c. The rules of evidence shall not apply to review proceedings.
- d. The school representatives shall proceed first and the student and/or parents/guardians may then respond.
- e. All witnesses shall be subject to inquiry by both parties.
- f. Either party may record the proceedings at his/her own expense.

4. Report of Board Disposition

a. A written report shall be issued by the Board of Education to the student and parents/guardians, as soon as practicable after the review hearing. This report shall be sent by certified mail and include: (1) the student's name, (2) reason and date of suspension, (3) those present at hearing, (4) witnesses and brief account of evidence, and (5) the findings of the Board of Education.

b. If the Board of Education concurs with the findings of the building principal or superintendent instigating the suspension, the minutes of the meeting shall reflect that concurrence. The names of suspended student(s) shall not be made public. In the event the suspension is disallowed:

- (1) the student's record shall be expunged of all notations or remarks regarding the matter;
- (2) the student's absence shall be "excused";
- (3) all educational opportunities missed by the student shall, if possible, be afforded him.

c. The decision of the Board of Education on the findings of the building principal or superintendent instigating the suspension shall be final.

5. Formal Review for Expulsion

- a. Expulsion can only be authorized by action of the Board of Education.
- b. As soon as practicable, a statement of the reasons for the expulsion and the rules and regulations violated by the student's conduct shall be sent to the student's parents/guardians by certified mail.
- c. An expulsion review hearing shall be held at a time and location to be set by the school board. The suspension begins on the first school day after the student is sent home.
- d. The review proceedings may be held in executive session at the request of either party.
- e. The rules of evidence shall not apply to review proceedings.
- f. The school representative shall proceed first and the student and/or parents/guardians may then respond.
- g. All witnesses shall be subject to inquiry by both parties.
- h. Either party may record the proceedings at his/her own expense.
- i. At the conclusion of the hearing, the Board of Education may go into closed session to make a decision.
- j. The Board of Education shall then again convene the review to announce its decision on the recommendation.
- k. The Board of Education shall also inform the student and parents/guardians of the effective date for the beginning of the expulsion and the end of the expulsion, which can be no more than two calendar years.
- l. The decision by the board shall be written and forwarded by certified mail to the parents/guardians.
- m. The decision of the Board of Education shall be final.

Within fifteen (15) days of the start of each school term and the enrollment of new students, a copy of the student handbook and district's discipline policy shall be made

available electronically or via printed copy. Parents/guardians will be required to sign off upon receiving or declining a printed copy.

DRESS CODE/STUDENT APPEARANCE

Students are expected to wear clothing in a neat, clean, and well-fitting manner while on school property and/or in attendance at school sponsored activities. Students are to use discretion in their dress and are not permitted to wear apparel that causes a substantial disruption in the school environment.

1. Student dress (including accessories) may not advertise, promote, or picture alcoholic beverages, illegal drugs, drug paraphernalia, violent behavior, or other inappropriate images.

6. The length of shorts or skirts must be appropriate for the school environment.
7. Appropriate footwear must be worn at all times.
8. If there is any doubt about dress and appearance, the building principal will make the final decision.
9. Any student whose dress causes a substantial disruption of the orderly process of school functions or endangers the health or safety of the student, other students, staff or others may be subject discipline.

DRIVERS EDUCATION

Students otherwise eligible to take a drivers education course must receive a passing grade in at least eight courses during the previous two semesters prior to enrolling in drivers education, whether middle or high school. This requirement may be waived by the Superintendent of Schools.

EDUCATION OF CHILDREN WITH DISABILITIES

It is the intent of the district to ensure that students who are disabled within the definition of Section 504 of the Rehabilitation Act of 1973 or the Individuals with Disabilities Education Act are identified, evaluated and provided with appropriate educational services.

The School provides a free appropriate public education in the least restrictive environment and necessary related services to all children with disabilities enrolled in the school. The term "children with disabilities" means children between ages 3 and the day before their 22nd birthday for whom it is determined that special education services are needed. It is the intent of the school to ensure that students with disabilities are identified, evaluated, and provided with appropriate educational services.

A copy of the publication "Explanation of Procedural Safeguards Available to Parents of Students with Disabilities" may be obtained from the school district office. Bement CUSD 5 does not and shall not discriminate on the basis of race, color, religion (creed), gender, gender expression, age, national origin (ancestry), disability, marital status, sexual orientation, or military status in any of its activities or operations.

A student who is eligible for special education may be excused from physical education courses in either of the following situations:

1. He or she (a) is in grades 3-12, (b) his or her IEP requires that special education support and services be provided during physical education time, and (c) the parent/guardian agrees or the IEP team makes the determination; or
2. He or she (a) has an IEP, (b) is participating in an adaptive athletic program outside of the school setting, and (c) the parent/guardian documents the student's participation as required by the Superintendent or designee.

A student requiring adapted physical education will receive that service in accordance with the student's Individualized Education Program.

ACCOMODATING INDIVIDUALS WITH DISABILITIES

Individuals with disabilities will be provided an opportunity to participate in all school-sponsored services, programs or activities. Individuals with disabilities should notify the superintendent or building principals if they have a disability that will require special assistance or services and if so, what services are required. This notification should occur as far in advance as possible of the school-sponsored function, program or meeting.

DISCIPLINE OF STUDENTS WITH DISABILITIES

Behavioral Interventions

Behavioral interventions shall be used with students with disabilities to promote and strengthen desirable behaviors and reduce identified inappropriate behaviors. The School Board will establish and maintain a committee to develop, implement, and monitor procedures on the use of behavioral interventions for children with disabilities.

Discipline of Special Education Students

The District shall comply with the Individuals With Disabilities Education Improvement Act of 2004 and the Illinois State Board of Education's Special Education rules when disciplining special education students. No special education student shall be expelled if the student's particular act of gross disobedience or misconduct is a manifestation of his or her disability.

The school will comply with the Individuals with Disabilities Education Act (IDEA) and the Illinois State Board of Education's *Special Education* rules when disciplining students with disabilities. Behavioral interventions will be used with students with disabilities to promote and strengthen desirable behaviors and reduce identified inappropriate behaviors. No special education student shall be expelled if the student's particular act of gross disobedience or misconduct is a manifestation of his or her disability as determined through a manifestation hearing. Any special education student whose gross disobedience or misconduct is not a manifestation of his or her disability may be expelled pursuant to the expulsion procedures.

SPECIAL EDUCATION CLASSROOM OBSERVATION ACCESS

The parent/guardian of a student receiving special education services, or being evaluated for eligibility, is afforded reasonable access to educational facilities, personnel, classrooms, and buildings. This same right of access is afforded to an independent educational evaluator or a qualified professional retained by or on behalf of a parent or child.

ELECTRONIC DEVICES

Student Use of Electronic Devices

The use of electronic devices and other technology at school is a privilege, not a right. Students are prohibited from using electronic devices, except as provided herein. An electronic device includes, but is not limited to, the following: cell phone, smart phone, audio or video recording device, personal digital assistant (PDA), ipod, ipad, laptop computer, tablet computer or other similar electronic device. Pocket pagers and other paging devices are not allowed on school property at any time, except with the express permission of the building principal.

Headphones/earbuds are not allowed during the school day. Students may use their personal headphones/earbuds if needed for use in the classroom to support the instructional activities of the classroom under direct teacher supervision.

From 8:00 A.M.-3:15 P.M., electronic devices must be kept **powered-off, out-of-sight and not on the person**, unless (a) permission is granted by an administrator, teacher or school staff member; (b) use of the device is provided in an individualized education program (IEP).

FIELD TRIPS

Field trips are a privilege for students. Students must abide by all school policies during transportation and during field-trip activities, and shall treat all field trip locations as though they are school grounds. Failure to abide by school rules and/or location rules during a field trip may subject the student to discipline. All students who wish to attend a field trip must receive written permission from a parent or guardian with authority to give permission. Students may be prohibited from attending field trips for any of the following reasons:

Students will not be denied educational services or academic credit due to the inability of their parent or guardian to pay fees or certain charges. Students whose parent or guardian is unable to afford student fees may receive a fee waiver. A fee waiver does not exempt a student from charges for lost and damaged books, locks, materials, supplies, and/or equipment. Applications for fee waivers may be submitted by a parent or guardian of a student who has been assessed a fee. A student is eligible for a fee waiver if the student currently lives in a household that meets the income guidelines, with the same limits based on the household size, that are used for the federal free meals program.

statement from a physician assuring that the student was "risk-assessed" or screened for lead poisoning.

The schedule and statement of medical reasons must be signed by an appropriate medical professional.

Eye Examination

LOCKERS

Lockers are provided for the middle school students by the school district. The school district reserves the right to reassign, inspect, or terminate the use of lockers at any time. Each student is responsible for all damage caused to the locker, except for ordinary wear.

Because of the attraction of insects and the potential for health and cleanliness problems, students are not to keep open food or beverage containers in their lockers. Materials may not be posted on the front of a student locker.

Students are expected to keep their locker in a clean and orderly condition. At the end of the school year, students are to empty and clean their locker.

Food items are not to be eaten in the hallways, classrooms, restrooms, gymnasiums, locker rooms, or on the playground. The classroom teacher and the building principal will determine exceptions to the policy on food.

During the breakfast program, student seating will be open unless there are problems. If problems arise, seating will be assigned for those individuals.

Students who bring their lunch from home may go to the front of the lunch line to purchase milk.

The morning lunch count for the school lunch and ala carte items must be accurate to avoid waste and guarantee the proper amount of food prepared for everyone. Any student deliberately falsifying the morning lunch count may lose his/her privilege to eat in the cafeteria and may be subject to further disciplinary action.

Students are given the number of school days equal to the number of days of their absence to complete their make-up work. If a student is absent on the day the make-up work will be due, the make-up work will be due the day the student returns to school. If a student is suspended from school, he/she will be permitted to make up all missed work, including homework and tests, for equivalent academic credit. Students who are unexcused from school will not be allowed to make up missed work.

the parent's/guardian's responsibility to assure that the licensed prescriber order, written request and medication are brought to the school.

Medications must be stored in a separate locked drawer or cabinet. Medications requiring refrigeration should be refrigerated in a secure area.

The parent(s)/guardian will be responsible at the end of the treatment regime for removing from the school any unused medication which was prescribed for their child. If the parent(s)/guardian does not pick up the prescribed medication by the end of the school year, the school nurse or principal will dispose of and document that medications were discarded. Medications will be discarded in the presence of a witness. Over the counter medications will be sent home with the student on the last day of school.

The licensed prescriber and parent(s)/guardian shall adjust medication administration time so that only those medications necessary are given during school hours.

Before any individual may be denied admission to school events or meetings as provided in this policy, the individual has a right to a hearing before the Board. The Superintendent or designee must provide the individual with a hearing notice, delivered or sent by certified mail with return receipt requested, at least 10 days before the school board hearing date. The hearing notice must contain:

1. The date, time and place of the board meeting.
2. A description of the unsportsmanlike or disruptive conduct.
3. The proposed time period that admission to school events will be denied, and
4. Instructions on how to waive a hearing.

STANDARDIZED TESTING

Students and parents/guardians should be aware that students will take standardized tests. Parents are encouraged to cooperate in preparing students for the standardized testing, because the quality of the education the school can provide is partially dependent upon the school's ability to continue to prove its success in the state's standardized tests. Parents can assist their students achieve their best performance by doing the following:

1. Encourage students to work hard and study throughout the year;
2. Ensure students get a good night's sleep the night before exams;
3. Ensure students eat well the morning of the exam, particularly ensuring they eat sufficient protein;
4. Remind and emphasize for students the importance of good performance on standardized testing;
5. Ensure students are on time and prepared for tests, with appropriate materials;
6. Teach students the importance of honesty and ethics during the performance of these and other tests;
7. Encourage students to relax on testing day.

STUDENT RECORDS

A school student record is any writing or other recorded information concerning a student and by which a student may be identified individually that is maintained by a school or at its direction or by a school employee, regardless of how or where the information is stored, except for certain records kept in a staff member's sole possession; records maintained by law enforcement officers working in the school; video and other electronic recordings that are created in part for law enforcement, security, or safety reasons or purposes; and electronic recordings made on school buses.

The Family Educational Rights and Privacy Act (FERPA) and the Illinois Student Records Act afford parents/guardians and students over 18 years of age ("eligible students") certain rights with respect to the student's school records. They are:

1. **The right to inspect and copy the student's education records within 15 school days of the day the District receives a request for access.** The degree of access a student has to his or her records depends on the student's age. Students less than 18 years of age have the right to inspect and copy only their permanent record. Students 18 years of age or older have access and copy rights to both permanent and temporary records. A parent/guardian or student should submit to the building principal a written request that identifies the record(s) he or she wishes to inspect. The principal will make arrangements for access and notify the parent/guardian or student of the time and place where the records may be inspected. The District charges \$.35 per page for copying but no one will be denied their right to copies of their records for inability to pay this cost. These rights are denied to any person against whom an order of protection has been entered concerning the student.

2. **The right to request removal from the student's academic transcript one or more scores received on college entrance examinations.¹**

A parent/guardian or eligible student may ask the District to remove certain scores of college entrance exams from their student's academic transcript. Students often take college entrance examinations multiple times in order to improve their results. Test publishers provide the results from each examination taken to the student's high school. Schools must include each of these scores on the student's transcript, which may result in academic transcripts having multiple scores from a single college entrance exam. A parent/guardian or eligible student may not want certain scores to be sent to postsecondary institutions to which the student applies. To request the removal of scores on college entrance examinations, the parent/guardian or eligible student must submit a written request stating the name of each college entrance examination that is the subject of the request and the dates of the scores that are to be removed.

3. **The right to permit disclosure of personally identifiable information contained in the student's education records, except to the extent that the FERPA or Illinois School Student Records Act authorizes disclosure without consent.**

Disclosure without consent is permitted to school officials with legitimate educational or administrative interests. A school official is a person employed by the District as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on the School Board; a person or company with whom the District has contracted to perform a special task (such as an attorney, auditor, medical consultant, or therapist); or any parent/guardian or student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility. Upon request, the District discloses education records without consent to officials of another school district in which a student has enrolled or intends to enroll, as well as to any person as specifically required by State or federal law. Before information is released to these individuals, the parents/guardians or eligible student will receive prior written notice of the nature and substance of the information, and an opportunity to inspect, copy, and challenge such records.

Academic grades and references to expulsions or out-of-school suspensions cannot be challenged at the time a student's records are being forwarded to another school to which the student is transferring.

Disclosure is also permitted without consent to: any person for research, statistical reporting or planning, provided that no student or parent/guardian can be identified; any person named in a court order; appropriate persons if the knowledge of such information is necessary to protect the health or safety of the student or other persons; and juvenile authorities when necessary for the discharge of their official duties who request information before adjudication of the student.

4. **The right to a copy of any school student record proposed to be destroyed or deleted.**

The permanent record is maintained for at least 60 years after the student transfers, graduates, or permanently withdraws. The temporary record is maintained for at least 5 years after the student transfers, graduates, or permanently withdraws. Temporary records that may be of assistance to a student with a disability who graduates or permanently withdraws, may, after 5 years, be transferred to the parent/guardian or to the student, if the student has succeeded to the rights of the parent/guardian. Student temporary records are reviewed every 4 years or upon a student's change in attendance centers, whichever occurs first

5. **The right to prohibit the release of directory information.**

Throughout the school year, the District may release directory information regarding students, limited to:

Student and Family Privacy Rights

Surveys

All surveys requesting personal information from students, as well as any other instrument used to collect personal information from students, must advance or relate to the District's educational objectives as identified in Board policy 6:10, Educational Philosophy and Objectives, or assist students' career choices. This applies to all surveys, regardless of whether the student answering the questions can be identified and regardless of who created the survey.

Surveys Created by a Third Party

Before a school official or staff member administers or distributes a survey or evaluation created by a third party to a student, the student's parent(s)/guardian(s) may inspect the survey or evaluation, upon their request and within a reasonable time of their request. This section applies to every survey: (1) that is created by a person or entity other than a District official, staff member, or student, (2) regardless of whether the student answering the questions can be identified, and (3) regardless of the subject matter of the questions.

Survey Requesting Personal Information

School officials and staff members shall not request, nor disclose, the identity of any student who completes any survey or evaluation (created by any person or entity, including the District) containing one or more of the following items:

1. Political affiliations or beliefs of the student or the student's parent/guardian.
2. Mental or psychological problems of the student or the student's family.
3. Behavior or attitudes about sex.
4. Illegal, anti-social, self-incriminating, or demeaning behavior.
5. Critical appraisals of other individuals with whom students have close family relationships.
6. Legally recognized privileged or analogous relationships, such as those with lawyers, physicians, and ministers.

7. Religious practices, affiliations, or beliefs of the student or the student's parent/guardian.
8. Income (other than that required by law to determine eligibility for participation in a program or for receiving financial assistance under such program).

The student's parent(s)/guardian(s) may:

1. Inspect the survey or evaluation upon, and within a reasonable time of, their request, and/or
2. Refuse to allow their child or ward to participate in the activity described above. The school shall not penalize any student whose parent(s)/guardian(s) exercised this option.

Instructional Material

A student's parent(s)/guardian(s) may inspect, upon their request, any instructional material used as part of their child/ward's educational curriculum within a reasonable time of their request.

The term "instructional material" means instructional content that is provided to a student, regardless of its format, printed or representational materials, audio-visual materials, and materials in electronic or digital formats (such as materials accessible through the Internet). The term does not include academic tests or academic assessments.

Physical Exams or Screenings

No school official or staff member shall subject a student to a non-emergency, invasive physical examination or screening as a condition of school attendance. The term "invasive physical examination" means any medical examination that involves the exposure of private body parts, or any act during such examination that includes incision, insertion, or injection into the body, but does not include a hearing, vision, or scoliosis screening.

The above paragraph does not apply to any physical examination or screening that:

1. Is permitted or required by an applicable State law, including physical examinations or screenings that are permitted without parental notification.
2. Is administered to a student in accordance with the Individuals with Disabilities Education Act (20 U.S.C. §1400 et seq.).
3. Is otherwise authorized by Board policy.

Collection of Personal Information from Students for Marketing Prohibited

The term "personal information" means individually identifiable information including: (1) a student or parent's first and last name, (2) a home or other physical address (including street name and the name of the city or town), (3) a telephone number, or (4) a Social Security identification number.

No school official or staff member shall administer or distribute to students a survey or other instrument for the purpose of collecting personal information for marketing or for selling that information (or otherwise providing that information to others for that purpose). The above paragraph does not apply to the collection, disclosure or use of personal information collected from students for the exclusive purpose of developing, evaluating or providing educational products or services for, or to, students or educational institutions, such as the following:

1. College or other post-secondary education recruitment, or military recruitment.
2. Book clubs, magazines, and programs providing access to low-cost literary products.
3. Curriculum and instructional materials used by elementary schools and secondary schools.

4. Tests and assessments to provide cognitive, evaluative, diagnostic, clinical, aptitude, or achievement information about students (or to generate other statistically useful data for the purpose of securing such tests and assessments) and the subsequent analysis and public release of the aggregate data from such tests and assessments.
5. The sale by students of products or services to raise funds for school-related or education-related activities.
6. Student recognition programs.

Instruction

Exhibit - Notification to Parents of Family Privacy Rights

The School Board has a policy concerning privacy and parental access to information. A complete copy of the policy 7:15, Student and Family Privacy Rights, is available upon your request from the general administration office. Please read the policy for a more thorough explanation of these rights.

Please note that a student's parent(s)/guardian(s) may inspect certain documents and/or refuse to allow their child or ward to participate in activities described in the box below. The school will not penalize any student whose parent(s)/guardian(s) exercises this option.

Your child or ward will be asked to complete a survey as described below: [District inserts survey description, the topics being surveyed, whether it was created by a third party, and whether it will be anonymous.]

This activity is scheduled on or about _____. (District inserts date before sending notification)

If you would like to inspect this survey, please contact the school where your child or ward is enrolled by _____. [District inserts required response date]

If we do not hear from you by this date, we will assume you do not object to having your child or ward participate in the survey.

SUICIDE AND DEPRESSION AWARENESS AND PREVENTION

Youth suicide impacts the safety of the school environment. It also affects the school community, diminishing the ability of surviving students to learn and the school's ability to educate. Suicide and depression awareness and prevention are important goals of the school district. The school district maintains student and parent resources on suicide and depression.

TEACHER QUALIFICATIONS

Parents/guardians may request information about the qualifications of their child's teachers and paraprofessionals, including:

Whether the teacher has met State certification requirements;

Whether the teacher is teaching under an emergency permit or other provisional status by which State licensing criteria have been waived;

The teacher's college major;

Whether the teacher has any advanced degrees and, if so, the subject of the degrees;

Whether any instructional aides or paraprofessionals provide services to your child and, if so, their qualifications.

If you would like to receive any of this information, please contact the school office.

TELEPHONE

Students are to use the classroom phone with teacher approval. A student must obtain permission from the office secretary or principal before using the office telephone. Abuse of this telephone privilege by a student may result in the suspension of telephone privileges for that student.

TREATS AND SNACKS

Due to health concerns and scheduling, treats and snacks for any occasion must be arranged in advance with the classroom teacher. All treats and snacks must be store bought and prepackaged in individual servings. No homemade treats or snacks are allowed at school. Treats and snacks may not require refrigeration and must have a clearly printed list of ingredients on the packaging. We strongly encourage you to select a treat or snack with nutritional value.

TRUANCY

Student attendance is critical to the learning process. Truancy is therefore a serious issue and will be dealt with in a serious manner by the school and district.

Students who miss 5% or more of the prior 180 regular school days without valid cause (a recognized excuse) are considered chronic truants. Students who are chronic truants will be offered support services and resources aimed at correcting the truancy issue.

If chronic truancy persists after support services and other resources are made available, the school and district will take further action, including:

- Referral to the truancy officer
- Reporting to officials under the Juvenile Court Act
- Referral to the State's Attorney

- Appropriate school discipline

A parent or guardian who knowingly and willfully permits a child to be truant is in violation of State law.

VIDEO AND AUDIO MONITORING SYSTEMS

A video and/or audio monitoring system may be in use on school busses and a video monitoring system may be in use in public areas of the school building. These systems have been put in place to protect students, staff, visitors and school property. If a discipline problem is captured on audiotape or videotape, these recordings may be used as the basis for imposing student discipline. If criminal actions are recorded, a copy of the tape may be provided to law enforcement personnel.

VISION AND HEARING SCREENINGS

Much emphasis has been placed on vision and hearing problems and their effect on learning and development. Early identification and care of these problems is of extreme importance and will help prevent needless social, emotional and educational maladjustment. Accordingly, vision screening will be done during the school year as mandated, for children who are in Pre-school and Kindergarten, children who are in the second and eighth grades, children in special education classes, transfer students and students referred by teachers. Hearing screenings will also be conducted at that time for all students who are in Pre-school or Kindergarten, children who are in the first, second or third grades, children in special education classes, transfer students and students referred by teachers.

A student who does not meet required criteria will be rescreened. If the child again does not meet required criteria, the child will receive a letter stating the child will need further professional evaluation. The screening information will become part of the students' permanent record. This information will be used for the purpose of the students' education/or required medical needs.

In lieu of the hearing screening, a completed and signed form, indicating that your child has had an ear examination by a physician and an audiological evaluation completed by an audiologist within the previous 12 months is acceptable.

Vision screening is not a substitute for a complete eye and vision evaluation by an eye doctor. Your child is not required to undergo this vision screening if an optometrist or ophthalmologist has completed and signed a report form indicating that an examination has been administered within the previous 12 months and that evaluation is on file at the school. Vision screening is not an option. If a vision examination report is not on file at the school for your child, your child in the mandated age/grade/group will be screened.

VISITORS

All visitors, including parents and siblings, are required to enter through the right double doors in front door of the building and proceed immediately to the main office. Visitors should identify themselves and inform office personnel of their reason for being at school. Visitors must sign in, identifying their name, the date and time of arrival, and the classroom or location they are visiting. Approved visitors must take a tag identifying themselves as a guest and place the tag to their outer clothing in a clearly visible location. Visitors are required to proceed immediately to their location in a quiet manner. All visitors must return to the main office and sign out before leaving the school. Visitors are expected to abide by all school rules during their time on school property. A visitor who fails to conduct himself or herself in a manner that is appropriate will be asked to leave and may be subject to criminal penalties for trespass and/or disruptive behavior.
